GitHub: <https://github.com/Priya-DP/GREENPOWESOLAR-ENERGY-PVT.-LTD..git>

Portfolio

- Developed the portfolio using a stack that includes HTML for structure, CSS for styling, Bootstrap for responsive design, and React for dynamic and interactive components.

GitHub: <https://github.com/Priya-DP/React-Portfolio>

Online Form Registration

Frontend Development:

- Developed the user interface using HTML and styled it with CSS to create an intuitive and visually appealing design.

Backend Development with PHP:

- Implemented the backend functionality using PHP to handle dynamic content, user authentication, and server-side processing

Database Integration:

- Utilized MySQL for database management, storing and retrieving data efficiently.
